Zelestra will develop a 220 MWp of solar Photovoltaic and 1 GWh of energy storage capacity in Chile. Solar and storage projects are ...

The first two phases of Oasis de Atacama, the largest solar power and energy storage project in Latin America, have come on stream in Chile's Antofagasta Region.

California-based Nextracker, along with ENGIE Chile, in May announced an energy initiative called PV and BESS Lib&#233;lula, which ...

Chile has taken a significant step in the development of clean energy with the inauguration of the largest battery energy storage system (BESS) in Latin America. This milestone marks a pivotal ...

Set to be built in seven phases in total, the Oasis de Atacama complex will comprise 2GW of solar PV and 11GWh of battery storage in total, presuming the entire project proceeds ...

The development of clean energy in Chile took an important step forward with the inauguration of the largest battery-based energy storage system in Latin America. Atlas ...

There is a place in Chile's Atacama Desert where the power of the sun never seems to set. It is the Quillagua photovoltaic power plant, officially inaugurated on 8 April in ...

California-based Nextracker, along with ENGIE Chile, in May announced an energy initiative called PV and BESS Lib&#233;lula, which consists of a hybrid park of photovoltaic panels ...

erano Energy has secured environmental approval to develop and operate the Catalina del Verano
