For the latest updates and more information, visit our website: <https://www.drakoulis.eu>

We provided a bespoke modular renewable energy solution, including a Solar Power Package installed separately from the main oil platform construction. This solution powered essential ...

We design and engineer custom Solar Power Systems for Oilfield Services, Gas Pipelines, Off-shore Drilling, Injection Sites, Wellhead Locations and Related Oil and Gas Service Companies.

With an experienced R& D team, we are able to design and manufacture solar power pods with superior performance and cost-effectiveness according to the specific needs of our customers.

Solar energy containers encapsulate cutting-edge technology designed to capture and convert sunlight into usable electricity, particularly in remote or off-grid locations. ...

Eventually, our containers will be outfitted with sensors embracing the Internet of Things in the spirit of remote monitoring. Solar-powered offshore containers represent an ...

Siemens Solar has pioneered this unexpected yet transformative application, deploying photovoltaic (PV) systems to power remote oil fields, pipelines, and refineries.

Available for purchase or rental, our mobile off-grid power systems are fully self-contained, harnessing both wind and solar through small scale wind ...

Eventually, our containers will be outfitted with sensors embracing the Internet of Things in the spirit of remote monitoring. Solar ...

40 ft container applied for 1.9MWh Lithium Battery Energy Storage System ? The 15MWh system consists of 8*1.9MWh systems in parallel 8pcs40ft containers are required.

15MWh Solar Container for Oil Platforms

Siemens Solar has pioneered this unexpected yet transformative application, deploying photovoltaic (PV) systems to power ...

Available for purchase or rental, our mobile off-grid power systems are fully self-contained, harnessing both wind and solar through small scale wind turbines and solar photovoltaics (PV) ...

With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three hours. Go big with our modular ...

Get detailed specs and pricing for Sunmaygo's solar containers. Compare models, battery options, and calculate ROI. Find the best mobile solar power system for your needs.

We provided a bespoke modular renewable energy solution, including a Solar Power Package installed separately from the main oil platform ...
