Helsinki City Transport has contracted with ABB to modernize the Helsinki Metro by implementing a fully automatic control system by 2014, which ...

To support these objectives, Telia has benefitted from several high-efficiency ABB power solutions including main transformers, ...

ABB's medium voltage UPS provides a continuous and reliable power supply of up to 24 kV for mission-critical facilities. ABB has the bases covered when it comes to power protection of ...

ABB's newest UPS, the MegaFlex DPA, has been designed to ensure the smooth operation of today's data centers with their increasingly high-power demands. The MegaFlex DPA solution ...

Since its opening in Helsinki in 2018, the key objective for the Telia data center has been to reduce energy consumption by minimizing ...

To support these objectives, Telia has benefitted from several high-efficiency ABB power solutions including main transformers, UniGear Digital and UniSec medium-voltage ...

Designed to meet the evolving AI load profile demands of modern data centers, MegaFlex UL, with its high efficiency, scalability, and reliability, ...

ABB has been chosen by the transportation solution provider to supply the uninterruptible power supply systems for 18 stations. To modernise the Helsinki Metro, HKL will move to an ...

ABB has the UPS technology for every need. Protection against all power failures, voltage regulation, power

factor correction and harmonics is ...

Since its opening in Helsinki in 2018, the key objective for the Telia data center has been to reduce energy consumption by minimizing losses in power distribution to improve the ...

Helsinki City Transport has contracted with ABB to modernize the Helsinki Metro by implementing a fully automatic control system by 2014, which will require uninterruptible power supply ...

The MegaFlex UL uninterruptible power supply (UPS) merges advanced innovation with reliable power protection. Engineered to be AI-ready, it's the perfect choice for colocation, hybrid, ...

Designed to meet the evolving AI load profile demands of modern data centers, MegaFlex UL, with its high efficiency, scalability, and reliability, strengthens ABB's leadership in intelligent ...

Please browse the catalogue to learn more about the ABB Power Protection group, our approach to power protection and details of our products. If you require guidance, we are always ready ...

ABB has the UPS technology for every need. Protection against all power failures, voltage regulation, power factor correction and harmonics is guaranteed.

The MegaFlex UL uninterruptible power supply (UPS) merges advanced innovation with reliable power protection. Engineered to be AI-ready, it's ...
