Based on 36 years of experience in power electronic technology, Kehua has diversified solutions and rich project experience in the fields of photovoltaic, energy storage, micro-grids and ...

Three years ago, SCU deployed the country's first 40ft containerized energy storage system at a solar farm in Bulgaria, setting a ...

Introduction of Bulgaria Liquid Cooling Energy Storage Container Project from the Nepedoni team We are the Nepedoni team, proud to partner with Bluesun...

Sunpal Power, a global leader in high-performance solar photovoltaic systems, proudly showcases its latest project: a 500kW hybrid energy storage system installed in Bulgaria.

Bluesun and the Nepedoni team introduced a Liquid Cooling Energy Storage Container Project in Bulgaria, featuring high-efficiency thermal management and modular design to support ...

Stacks are primarily used for home systems but Sigenergy has installed a 10 MW/20 MWh project at a solar site in Malko Tarnovo. ...

In Bulgaria, an increasing number of households, industrial and commercial enterprises are adopting solar or backup power solutions. With its factory-direct pricing, high efficiency, long ...

PVTIME - SERMATEC has launched an innovative 5.1MW/17.8MWh commercial and industrial energy storage system in Bulgaria. This groundbreaking project is set to ...

As Europe races toward climate neutrality, Bulgaria's surge in storage capacity signals a shift not only in
