-----

Egypt signed a letter of intent to join the Battery Energy Storage Systems Alliance (BESS), which is one of the main initiatives of the Global Energy Alliance for People and Planet (GEAPP) ...

The project will be constructed in two phases. The first phase of 561 MW solar + 100 MW/200 MWh battery storage is targeted to reach ...

The question isn't if foreign storage solutions will dominate Egypt's market, but which smart suppliers will adapt fastest to its unique grid challenges and sweltering climate realities.

Ever wondered how Cairo, a city drenched in 300+ days of annual sunshine, still struggles with power outages? The answer lies in one phrase: solar energy storage.

I live outside Chicago and I was supportive of the bid. I put my vote in for "South America has never hosted", and I think as long as there was a serious and reasonable bid from Rio that ...

The project will be constructed in two phases. The first phase of 561 MW solar + 100 MW/200 MWh battery storage is targeted to reach commercial operational date (COD) in ...

CAIRO - 3 December 2023: Norway's Scatec and the Egyptian Electricity Holding Company (EEHC) have signed a cooperation agreement for the first a solar and battery storage project ???

The solar power plant, also financed by IFC and international partners in 2022, became operational in November 2024.
