---

Eni New Energy US has bought a large-scale battery storage project in development in Texas from developer Baywa r.e., along with a utility-scale solar PV plant nearby.

Next-generation battery management systems maintain optimal operating conditions with 45% less energy consumption, extending battery lifespan to 20+ years. Standardized plug-and-play ...

The Fiji Department of Energy has invited bids from eligible Bidders for the construction and completion of a 100 kW Solar PV (Mini Grid) with Battery Energy Storage ...

The Republic of Fiji has invited international bids for a 100 kW solar mini-grid with battery storage in Tiliva Village. The project is financed by the Japan Fund for Prosperous and ...

In a first of its kind for the region, this 1MWp grid-connected solar farm with a 1.1MWh battery energy storage system helps provide a smooth supply of renewable energy for 18,000 ...

A 4 Mega Watt (MW) Agro-photovoltaic project with battery energy storage system is currently being constructed which will be the first of its kind in Fiji and in the region.

Island Solar Fiji is your trusted installer of quality solar systems and battery storage. We work with you to improve your power reliability and save the planet.

Island Solar Fiji is your trusted installer of quality solar systems and battery storage. We work with you to improve your power reliability and save the ...

Utilizes surplus solar and hydro energy for battery charging during low consumption periods. Successfully commissioned in March 2024. Supports Fiji's target of achieving 100% renewable ...

The energy storage project includes 42 energy storage warehouses and 21 machines integrating energy boosters and converters, using large-capacity sodium-ion batteries of 185 ampere ...

EcoDirect designs and supplies solar + battery projects in Fiji. Our team has the tools and experience to get your next project designed and delivered.
