Ginlong (Solis) Technologies Co., Ltd Solar Inverter Series S6-GU350K-EHV. Detailed profile including pictures, certification details and manufacturer PDF

Solis Three Phase Grid-Tied Inverters Efficient 12/16 MPPTs, max. efficiency 99.0% > 150% DC/AC ratio
Lower starting voltage, longer power generation time

To reset the inverter, turn off the inverter (refer to Section 7.2) and wait for five (5) minutes before restarting it (refer to Section 7.1). If the failure persists, please first contact your local distributor ...

Solis is one of the world's largest and most experienced manufacturers of solar inverters supplying products globally for multinational utility companies, commercial & industrial rooftop ...

It supports easy installation with MC4 connectors, advanced monitoring via SolisCloud, and a fuse-free design for long-term reliability. Certified by FCC, it ensures compliance with ...

The document provides specifications for the Solis S6-GU (250-350)K-EHV-US three-phase grid-tied inverters, highlighting their efficiency, safety features, and smart functionalities.

Solis Utility Scale Inverter 350K-EHV-M12 350K-EHV-M16 S6-GU350K-EHV 12/16 MPPTs, max. efficiency 99.0% > 150% DC/AC ratio

Smart I-V curve scan Remote firmware upgrade with simple operation Economic Power line communication (PLC) (optional) Integrated tracking bracket power supply interface Supports ...

Its robust build and multiple MPPT channels make it compatible with diverse solar array configurations, while certification ensures suitability for demanding North American projects. ...

With our high current rated DC inputs, systems can realize full capacity as well of their PV modules. Our system supports ease of installation with MC4 connectors, while maintenance is ...
