Are bifacial solar panels exempt from Section 201 duties?

President Biden issued Proclamation 10779 on June 21, 2024 removing the exemption from Section 201 duties on solar cells for 'bifacial solar panels' that are imported on or after June 26, at 12:01 a.m. EDT due to surges in imports in recent years. Since no longer exempt, bifacial solar cells would be subject to Sec 201.

When can I import bifacial solar panels?

The affected solar cells and modules are classified under the following Harmonized Tariff Schedule (HTS) codes: Importers who signed contracts by May 16, 2024, may import bifacial solar panels without Section 201 duties from June 26, 2024, to September 23, 2024, provided the contract terms have not changed.

Will bifacial solar panels lose exemption?

In addition to bifacial panels losing their exemption, the Biden Administration said it will raise the tariff-rate quota (TRQ) of silicon solar cells by 7.5 GW, if needed.

Are CSPV bifacial modules exempt from Section 201 tariff?

CSPV bifacial modules are currently exempt from the Section 201 tariff. Since most modules today are bifacial, the Section 201 tariff does not cover most module imports. On May 16, 2024, however, President Biden announced that he will soon rescind the bifacial panel exemption.

Today's decision means that imported bifacial modules are once again exempt from Section 201 tariffs, effective immediately. The Section 201 tariffs are back to 15% for this ...

CSPV bifacial modules are currently exempt from the Section 201 tariff. Since most modules today are bifacial, the Section 201 tariff does not cover ...

CSPV bifacial modules are currently exempt from the Section 201 tariff. Since most modules today are bifacial, the Section 201 tariff does not cover most module imports.

President Biden has issued a proclamation that effective 26 June revokes an exclusion for bifacial solar panels from the Section 201 safeguard on imports of crystalline ...
