Where can I buy a genset container?

The genset can also be attached to the chassis of the container, in these cases, it is called an underslung genset. Here at Alconet, you can buy a genset container both new and used. Take a look at our current offer down below, or request a quote directly to receive a price inquiry.

What is a genset on a reefer container?

A generator set ensures that reefer containers have power when there is no regular power source available. The generator is normally mounted on the front of a reefer container; in those cases, it is a clip-on genset. The genset can also be attached to the chassis of the container, in these cases, it is called an underslung genset.

How much do Commercial Generators cost?

Prices for dependable commercial generators start at around \$8,000 - \$12,999. Don't forget to factor in maintenance and safety considerations when using a commercial generator. With the right generator, your business will be prepared for any future power outages.

How much does a portable generator cost?

The cost of a portable generator ranges from \$1,000 to \$2,500 for a larger model (7-8 kW) that can power a good portion of a smaller or older home. However, it may not provide enough energy for a large central air conditioning system or a heat pump. For instance, the Powermate PM 0497000.02 [1] is priced at approximately \$1,300 to \$1,900.
