-----

Philips High Efficiency LEDs with heat dissipation design, pure aluminum lamp base with seal lens for an optimal lighting and life span. The light automatically switches on at dusk and switches ...

This patented, solar-powered, integrated 80 watts 8000-8800 lumens LED street lighting system comes prewired. All that is required is mounting it on a pole or building and aiming the solar ...

Philips High Efficiency LEDs with heat dissipation design, ...

Whether you're illuminating roadways, commercial lots, or public spaces, this solar solution combines efficiency, durability, and smart lighting performance in one rugged package.

Designed to provide consistent and reliable lighting for streets, parking lots, pathways, and other outdoor areas, these solar-powered lights eliminate the need for electrical wiring while offering ...

Designed to provide consistent and reliable lighting for streets, parking ...

The 80 Watts Athens Solar LED Street Light features an all-in-one design function, a low profile design with PIR/microwave motion sensor, and a smartcontroller all built in with bifacial solar ...

BF02 Solar LED Street Light features all in one ...

The 80 Watt LED Ultra High Powered Solar Streetlight is designed and built for general commercial, industrial and residential projects. The light is completely powered by zero-carbon ...

BF02 Solar LED Street Light features all in one design function, low profile design with PIR/microwave motion sensor and smart controller all built in with bifacial solar panel. BF02 ...

BF02 Solar LED Street Light features all in one design function, low profile design with PIR/microwave motion sensor and smart controller all built-in with bifacial solar panel.

For facilities that require powerful outdoor illumination without grid dependency, this 80-watt solar area light delivers exceptional performance with complete energy independence.

For facilities that require powerful outdoor illumination without grid ...

Carbonfree Certified by ClimeCo certifies consumer products based on a cradle-to-grave assessment to determine the carbon footprint of the product and associated carbon emission ...
