Trina Storage, the energy storage division of global solar leader Trinasolar, has reached a major milestone with its installed capacity of large-scale energy storage systems ...

In this post, I delve into 10 compelling case studies from across South Asia, showcasing how countries like India, Pakistan, Bangladesh, ...

The South Asia Energy Storage Study offers a comprehensive analysis of the potential role of energy storage technologies in the South Asia region through the year 2050.

As demand for grid-scale storage continues to accelerate across key APAC markets, Trina Storage has been selected to supply advanced BESS technology for several ...

From Southeast Asia to India and Australia, landmark policies, first-of-their-kind projects and bold investment decisions show that energy ...

Trina Storage, the energy storage arm of global solar giant Trinasolar, has announced more than 2.4 gigawatt-hours (GWh) of utility ...

Developed with support from IndiGrid, GEAPP, and TERI, the system is described as South Asia's largest standalone battery-inverter power setup. The government intends to ...

In this post, I delve into 10 compelling case studies from across South Asia, showcasing how countries like India, Pakistan, Bangladesh, Sri Lanka, and Nepal are ...

New Delhi: Delhi Power Minister Ashish Sood inaugurated India's first commercially approved and South Asia's largest 20 MW/40 MWh standalone utility-scale ...

Trina Storage, the energy storage arm of global solar giant Trinasolar, has announced more than 2.4 gigawatt-hours (GWh) of utility-scale battery energy storage ...

New Delhi: Delhi Power Minister Ashish Sood inaugurated India's first commercially approved and South Asia's largest 20 MW/40 ...

ES can complement variable renewables, but new investments in ES are not necessarily needed to integrate large amounts of renewable energy (e.g., GTG study for India).

From Southeast Asia to India and Australia, landmark policies, first-of-their-kind projects and bold investment decisions show that energy storage is no longer a niche ...
