This solar project consists of a 425MWdc solar farm approximately seven kilometres north-east of Wellington, off Goolma Road, and 50 kilometres ...

a) 7 is the smallest and 9 is the greatest number or b) 7 is the smallest and 9 is the largest number The research so far indicates that both terms largest and greatest are used ...

In "the single largest factor", "single" is technically redundant, save for excluding the possibility of joint winners. When used (by someone who understands the language) it's ...

The following is a list of photovoltaic power stations that are larger than 500 megawatts (MW) in current net capacity. Most are individual photovoltaic power stations, but some are groups of co-located plants owned by different independent power producers and with separate transformer connections to the grid. Wiki-Solar reports total global capacity of utility-scale photovoltaic plants ...

This solar project consists of a 425MWdc solar farm approximately seven kilometres north-east of Wellington, off Goolma Road, and 50 kilometres south-east of Dubbo in the Orana region of ...

It might be used for the largest, but it is quite an obscure word - Merriam-Webster restricts its use to elections. In your case with less than 50%, the best option is a superlative ...

Infratec New Zealand has successfully completed the installation of Wellington's largest solar rooftop project. This project saw us build a ...

If it is the largest, it may not be the majority if there are three or more parts. If something is 40%, while two other things are 30% apiece, it's the largest, but it does not ...

What about the second pie chart? In the second pie chart the largest portion is less than 50%. Can I still consider the group "as majority in it? Based on the Cambridge ...

The solar farm site, about 5km North of Wellington, is expected to include more than 750,000 PV panels, 104 medium voltage power conversion stations and associated plant. ...

When referring to a list of number is largest or biggest correct? For example, I want to find the biggest number in an array. Or should it be the largest number. Finally, would either biggest or

The Suntop Solar Farm is a 189 MWp solar project located near Wellington in New South Wales. It is owned by Berkshire Hathaway and Polpo ...

What is the largest lake in the world? Compare this to "the biggest lake". To my mind, the largest is the one with the greatest surface area, the biggest may have a smaller surface area but be ...

The blaze broke out inside the Wellington North 425-megawatt solar farm in Central West NSW on Saturday afternoon, and burnt more ...

If you're loosely grouping batteries on say a five-point scale, "from smaller to larger" conveys this rather better than "from smallest to largest", which implies an accurate ordering. ...

This is a title from a scientific magazine about how various animals lived on earth thousands of years ago. Here is the title: Largest snake to ever live discovered in an Indian ...
