The Major Solar Projects List is a database of all ground-mounted solar projects, 1 MW and above, that are either operating, under construction or under development.

The Gujarat Hybrid Renewable Energy Park is set to be a global landmark in renewable energy infrastructure, targeting 30 GW of combined solar and wind power ...

RWE, the third largest renewable energy company in the U.S., is progressing on its commitment to expand its footprint in the United States and currently has nearly 4 gigawatts ...

Comprehensive news & insights into global renewable energy projects, covering key milestones in corporate PPAs, equipment orders, financing, and capacity expansions.

In 2024, this shift is most evident in the numerous megaprojects under construction across the country, each designed to harness sustainable energy sources such ...

Onsite construction currently underway on 29 projects totaling 3.9 gigawatts of onshore wind, solar and battery energy storage systems (BESS) across 11 U.S. states

These ventures, spanning offshore wind, solar and onshore wind, are set to unlock substantial investments, helping accelerate the global transition to cleaner, more sustainable ...

RWE, the third largest renewable energy company in the U.S., is progressing on its commitment to expand its footprint in the United ...
